

Racing Kettenreiniger (Racing Chain Cleaner)

DESCRIPTION

Racing Chain Cleaner is a specially developed cleaner containing a combination of selected solvents for the rapid, easy cleaning and degreasing of the structural parts of two wheelers.

PROPERTIES

- low surface tension
- good penetration
- controlled evaporation, free of residues
- dissolves resin and tar-type residues
- leaves no residues
- removes oil and grease-based contaminants
- extremely high proportion of active components
- absolutely free of chlorine
- economical to use

TECHNICAL DATA

Basis	: mixture of solvents
Colour	: clear/colourless
Propellant	: CO ₂
Viscosity	: n.a.
Density at 20 °C	: 0.73 g/cm ³

APPLICATION

Racing Chain Cleaner has been specially developed for cleaning chains on two-wheel vehicles. Also suitable for O-ring chains.

INSTRUCTIONS

Place a box or rag under the parts to be cleaned. Spray dirty chains with Racing Chain Cleaner and let it run off. After the solvents have evaporated, the chain will be clean and free of grease and ready to be coated with Racing Chain Lube or Chain Spray White. Do not spray onto plastics. Do not lay rubber components in a container with Cleaning Fluid to clean them as they may be attacked.

Note

Check parts which have been painted for compatibility by testing on a hidden area.

AVAILABLE PACK SIZE

Racing Chain Cleaner	500 ml	Part no. 1602
