

## Anti-Bakterien-Diesel Additiv (Anti-Bacterial Diesel Additive)

### DESCRIPTION

Anti-Bacterial Diesel Additive contains a highly active biocide with a wide activity spectrum against bacteria, yeasts and moulds. The biocide does not form any corrosive combustion products and has been tested by leading engine manufacturers.

### PROPERTIES

- highly effective with a wide activity spectrum
- active in preventing bacterial infestation
- neutralises acids formed by microbial growth
- decontaminates tank systems which are already infested
- cleans and lubricates injectors
- reduces diesel knock and pollutant emission

### TECHNICAL DATA

Basis	: biocide, detergent and cetan number enhancer
Colour	: yellowish, clear
Density at 15 °C	: 0,901 g/cm <sup>3</sup>
Viscosity at 40 °C	: < 7 mm <sup>2</sup> /s
Flash point	: 63 °C
Regulation	
on flammable liquids (Germany): A III	
Minimum durability	: 5 years

### APPLICATION

For preventive use in diesel-powered vehicles which are decommissioned for long periods such as construction machinery, commercial vehicles, mobile homes, passenger motor vehicles or in storage tanks or for disinfection of contaminated tank systems.

### INSTRUCTIONS

Dosage 1:1000. One 25 ml measurement cup is sufficient for 25 litres of diesel fuel. For prevention, add the corresponding amount before filling the tank. For extreme bacteria and mould infestation with clogged filter, use it as a remedial shock treatment (dosage 1:200).

**Note:** Use disinfectants safely. Always read the label and product information before use.

### EFFECTIVENESS

The effectiveness of the product against the following germs has been verified:

#### Bacteria

Alcaligenes faecalis, Enterobacter cloacae, Escherichia coli, Proteus vulgaris, Pseudomonas aeruginosa, Pseudomonas fluorescens, Pseudomonas putida, Staphylococcus aureus, Legionella pneumophila (prEN 13623), Proteus mirabilis, Klebsiella pneumoniae

#### Fungi

Aspergillus niger, Fusarium oxysporum, Penicillium funiculosum, Hormoconis resinae

## Yeasts

Candida albicans, Rhodotorula mucilaginosa, Saccharomyces cerevisiae, Candida lipolytica,

## Sulphate-reducing bacteria

Desulfovibrio desulfuricans

### AVAILABLE PACK SIZE

Anti-Bacterial Diesel Additive	1 l	Prt no. 5150 D-GB-F-E-I-GR
